

CHILDREN PLAY AND LEARN ON A REAL FARM

YOUNG EXPLORERS

Ages: Children in grades K-2

Dates: Mondays, April 30, May 7, 14 and 21

Time: 4-6pm Fee: \$95

This class is similar to the popular week long summer camp, Nature on the Farm. Young Explorers will focus on a different environment and terrain each week. From forests to fields, to ponds, we will discover and learn about various living and growing features on the Farm.

In addition to exploring the natural world around us, we will do hands on farm activities such as daily chores, horseback riding and gardening.
